

Specializing In Obedience And Behavioral Problems

Welcome to **Dan Gentile's Dog Training Center**, where we have been training dogs for over 40 years. Don't wait until you have a grown dog with bad habits! Our program of "**Train While Boarding**" is hands down the most effective way to train your dog.

Through patience, understanding and the skills of a professional, your dog's full potential will be developed, helping you have the fulfilling relationship with your canine companion that you are looking for.

Is Your Dog Acting Out, And Behaving Badly?

While your dog is with us, he or she will be taught:

- **To be calm around distractions**
- **Proper manners and commands**
- **We also concentrate on behavior problems**

NOTE: Occasionally we have German Shepherd Puppies for Sale - please call our office to check for availability.

SOMETHING TO THINK ABOUT....When you purchase a puppy or rescue a dog, you will probably have him or her as part of your family for approximately 15 years....so why not start out right and have him professionally trained.

If you think about it, you send you child to school, so doesn't it make sense to send your dog to school, and lay the ground work early? It's never too later to start training. We recommend starting puppies in training between 3 1/2 to 4 months of age. **The time to train your dog is now.**

All of our training is guaranteed for as long as you own your dog. Give us a call and we will be happy to explain the program and send you our brochure.

Take a moment to browse through our website. Feel free to call us at **(732) 938-5040** for a personal consultation or visit and inspect our facility in person. We look forward to working with your dog and you.

Training Center

Developing the full potential of your dog is one of the most demanding tasks an owner can undertake. It requires time, patience, understanding and the skills of a professional. Dan Gentile Jr., one of America's foremost trainers of dogs and dog handlers, can provide you with that expertise.

Dan Gentile, Jr. has been a Professional Dog Trainer - Behaviorist for the past forty years. He apprenticed under some of the top dog handlers in both the United States and Europe. His education includes studies with the US Armed Forces Institute, Cornell University School of Veterinary Medicine and Ontario Veterinary College.

Trainers Qualifications

- Dan is a member of the Animal Behavior Society.
- Granted Certificates from the above mentioned schools in:
 - Solving Canine Behavior Problems and Their Practical Application in Dog Training and Behavior Modification.
 - Behavior Modification of Dogs, an advanced course on causes, diagnosis, treatment and prevention of common behavior problems in dogs.
- Dan was on the Advisory Board of The United States Professional Dog Trainers Association
- Secretary and Advisory Board Member for the American Federation of Professional Dog Trainers.
- Board certified by the above organizations to handle all types of behavior problems and all phases of dog training.

As training director for kennels throughout the United States, Dan Gentile has been recognized by veterinarians, humane societies, dog clubs, police departments and television audiences for his achievements as a professional dog trainer.

Affiliations

- Secretary and Advisory Board Member for the **American Federation of Professional Dog Trainers.**
- Advisory Board Member for the **United States Professional Dog Training Association.**
- Founding & Guild Member for **N.A.S.A.** (North American Working Dog Association)
- Honorary Member of the **British Institute of Professional Dog Trainers.**
- Member of **USA** (United Schutzhund Clubs of America) since 1977.
- **WDA** (Working Dog Association) Member
- Founder of the first All Akita Obedience Classes in the U.S..
- Former Training Director for the **Akita Club of America.**
- Best Selling Author "**Guide to Beginning Obedience**".

Licenses

Dear Consumer:

New Jersey is one of the few states that does not require any type of licensing or certification for Professional Dog Trainer/Behaviorist. I have been in contact with the Governor's office in an effort to get legislation passed that would license Dog Trainers after a review and examination of his/her credentials and qualifications. Until that legislation is passed, there is no way to protect the consumer from unqualified individuals in this field. I would like to take this opportunity to inform you of my qualifications.

I have been a Professional Dog Trainer/Behaviorist for the past 40 years. I apprenticed under some of the top dog handlers in both The United States and Europe. My education includes studies with The United States Armed Forces Institute, Cornell University School of Veterinary Medicine and Ontario Veterinary College.

I am a member of The Animal Behavior Society and have granted certificates from the above schools in solving Canine Behavior Problems, The Principals of Learning and Their Practical Application in Dog Training and Behavior Modification, and Behavior Problems of Dogs, an advanced course on causes, diagnosis, treatment and prevention of common behavior problems in dogs. I was on The Advisory Board of The United States Professional Dog Trainers Association and I am the Secretary and Advisory Board Member for The American Federation of Professional Dog Trainers. I am also Board Certified by the above organizations to handle all types of behavior problems and all phases of dog training.

I will continue my efforts to make certification of Professional Dog Trainer/Behaviorist mandatory in the State of New Jersey. Please contact the Governor's office to voice your opinion on the need for legislation (Reference: Senate Bill 1974). If I may be of any service to you or if you have any questions concerning my programs, or my credentials, please feel free to contact me at the phone number listed below.

Yours truly

***Dan Gentile, Jr.
President***

References

Thanks so much for your work with Dingo and for giving me and my dog another chance.

Dr. Marilyn Weber, D.M.V.

To sum it up in one sentence... you deliver results.

The Freudenfels Family

This letter is to thank you for your effective training services, and to mention that you have saved the interior of our home!

Maria & Steven Sukel

You proved once again that Rascal, Max and Digger were not the problem - it was their owner who needed training! Thanks for your patience and on-going support. My "kids" are better for it!

Mary Ellen Cope

I want to thank you so much for the time and effort you put into the training sessions for my golden retriever, Bear. Of course, you also spent time training me on how to handle bear properly. Now that Bear understands what is required of him and I understand what is required of me, we can enjoy our relationship much more. Once again thanks for your expertise and hard work

Bear & Alan Kulbachinsky

We feel that your course was unquestionably the best thing we could have done for ourselves and our dog. We can thank you for the fact that we now have a quiet, calm dog that is welcome almost everywhere.

Emily and John Bararo

Train While Boarding

If you are struggling with your pet's behavior, or just planning a vacation, our program will give you the breather you need, followed by a fresh start.

We offer an in-board training program. Your pet will stay with us at the school for two weeks, much like sending your child away to camp in the summer. While your dog is with us he or she will be taught to calm down and relax around distractions.

For example, your dog should be able to remain seated even if distracted by the presence of another animal. Proper manners are taught, such as "heel", "sit", "stay", "down", "come", and the word "no". We also concentrate on any behavior problems we find such as play biting, mouthing and jumping.

At the end of a two week program, we train the owner(s) and dog, together as a team. This usually takes about an hour. All training is done on a leash and it's all guaranteed. By guaranteed, we mean if you ever have a problem with your dog's training, whether it's three months or three years from the time you pick him or her up. Just call us and we'll be happy to help you correct the problem.

The only things we don't guarantee are the following: that your dog won't go to the bathroom on the floor, he or she won't chew, and that he or she won't bite anybody.

Our program also includes our training video "Beginning Obedience" which is yours to keep. "High School" and "College" programs are also available.

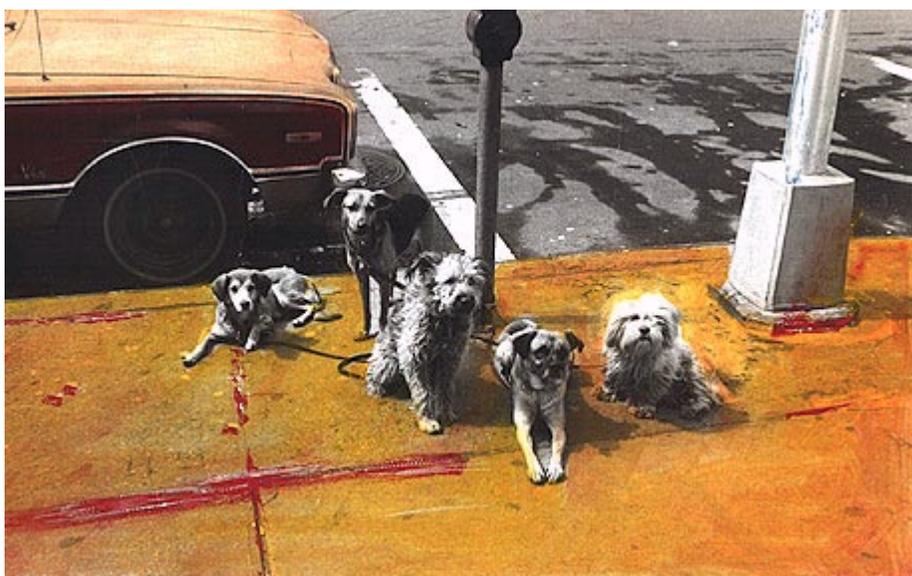

- **Approved by the Board of Health**
- **No Pesticides Used on Property**

- All Natural Dog Food
- Purified Water
- Stress Free Environment
 - 12 Acres of Country Setting
 - Courteous, Caring Staff
 - Spacious Indoor/Outdoor Runs
 - Heating and Air-Conditioning
 - Huge Exercise Areas
 - Veterinarian On Call 24 Hours

Dog's Point of View

Learn to think like a dog. Your dog doesn't think of you as a human, he thinks of you as another dog. Dogs evolved from wolves, thus they are pack animals. Since your dog thinks of your family as his pack, he doesn't understand or expect equality. So it is natural for him to push to the highest position he can attain in his pack (your family). In nature, there are no two dogs/wolves/persons in the same pack that are equal.

An over-indulged dog may assume a dominant role in the household. And the dog which is confused about its position in the hierarchy (one day he's "top dog" and the next he's "low dog on the totem pole") will become frustrated. Then the owners must deal with another problem - that of frustration-aggression.

**It's More Important to Praise Your Dog When He's Right,
Than it is to Correct Him When He's Wrong**

Directions

From The Garden State Parkway:

Take exit 98 and follow the sign for Route 195 to Exit 31A (Route 547 South), locally known as Lakewood/Farmingdale Road. You'll come to a traffic light. Continue straight through the light.
